

October - December 2018 CLASS SCHEDULE

Thursday, Oct. 11, 12:30 pm – 3:30 pm **Rulers, Templates and Other Tools** **\$40**

Can't remember how to use those rulers or templates you bought at a show? Bring them to class and we'll figure out how to use them. Better yet, email a photo of your ruler(s) and we'll dig up instructions before your class! We'll have four stand-up machines outfitted with ruler bases for hands-on use, plus George, for those of you who are "sit down" quilters. We'll have rulers available for you to try (and buy). Those rulers and templates don't have to be gathering dust any longer!

Tuesday, Oct. 16, 10:30 am – 3 pm **APQS Beginner's Class** **\$200 (free to new owners)**

Geared for new owners of APQS longarms, the goal of this class is to teach you the skills you'll need to accomplish a typical quilting project. Whether you intend to start a business or just want to get your quilts done faster, you'll learn valuable techniques to accomplish your projects creatively and efficiently. This class is largely bookwork and "demonstration" so we can squeeze in as much information as possible. The class is free for students who purchase a quilting machine from APQS, or tuition is \$200 plus tax. There will be a brief break for lunch.

Tuesday, Oct. 23, 12:30 pm – 3:30 pm **Longarm Fundamentals** **\$40**

Are you considering trying stand-up quilting? Or are you intimidated by your own longarm? Come and get some tips and techniques that will help you get past that fear we all feel at the beginning. We'll look at loading a quilt, choosing threads, testing designs, from overalls to simple custom. Not required before renting at APQS Northwest but highly recommended!
